critically about your own skills or practice, in order to improve and learn. A short guide to reflective writing Gibbs' Reflective Cycle was developed by Graham Gibbs in 1988 to give structure to learning from experiences. It offers a framework for examining experiences, and given its cyclic nature lends itself particularly well to repeated experiences, allowing you to learn and plan from things that either went well or didn't go well. It covers 6 stages: Gibbs' Reflective Cycle | The University of Edinburgh We experience happiness as a series of pleasing moments. They come and go like clouds, unpredictable, fleeting, and without responsibility to our desires. Through honest self-work, reflection, and meditation, we begin to string more of these moments together, creating a web-like design of happiness that drapes around our lives. Pursuing the Good Life: Reflections on Positive Psychology ... It was good to reflect back on old relationships and understand why they never worked and what I can do now to make things with my partner better and sustain into the future. For me it's as simple as this quote from the book. Reflections Of A Man by Amari Soul Please do bear in mind that these reflections are personal and are true for me, that does not mean they will resonate with everyone, far from it, we are all individual. Our society is polarised enough that hopefully we can start to re-learn how to accept that different people have different viewpoints and they do not have to align with our own.
