Good Samaritan laws may differ for professional health care providers from state to state. Implied consent means that there is an assumption that if an unconscious person were able to request care, they would do so. Fear of Uncertainty: People sometimes fear that they won't remember what to do. Remembering the correct number of compressions or the number of compressions to ventilations is not as important as the willingness to respond and to push hard and fast. BLS Study Guide - National CPR Association BLS for Healthcare Providers.
