a Reference Model for Collaborative Networked

... Collaborative networks represent a fundamental
paradigm in modern industrial organizations. It is not
only a survival factor or a mechanism to increase
agility, but also a basis to promote innovation through
collaboration. Aiming at giving a general overview of
the area, this paper presents a summary of its current
achievements and further research challenges.

Project Gutenberg is a charity endeavor, sustained
through volunteers and fundraisers, that aims to collect
and provide as many high-quality ebooks as possible.

Most of its library consists of public domain titles, but it
has other stuff too if you're willing to look around.
