human lifespan, plastic surgery since its beginnings, and questions ... Engineering the Human: Human Enhancement Between Fiction ... By David Masci. Human enhancement is at least as old as human civilization. People have been trying to enhance their physical and mental capabilities for thousands of years, sometimes successfully – and sometimes with inconclusive, comic and even tragic results. Up to this point in history, however, most biomedical interventions, whether successful or not, have attempted to restore something perceived to be deficient, such as vision, hearing or mobility.
