how can financial research be optimised to offer the best results? How can fixed income markets optimise their research ... Fixed income refers to any type of investment under which the borrower or issuer is obliged to make payments of a fixed amount on a fixed schedule. For example, the borrower may have to pay interest at a fixed rate once a year, and to repay the principal amount on maturity. Fixed-income securities can be contrasted with equity securities – often referred to as stocks and shares – that create no obligation to pay dividends or any other form of income. In order for a company to grow its ... Fixed income - Wikipedia Buy Fixed Income Markets and Their Derivatives by Sundaresan, Suresh

... Exchange-traded funds, already wildly popular among equity investors, were emerging as a cheaper, easier way to build a fixed-income portfolio than investing in a mutual fund. But after a decade-long bull market, no one could be sure how the new products would perform in a downturn. Would they exacerbate turmoil in their underlying markets?
