OpenLibrary is a not for profit and
an open source website that allows
to get access to obsolete books
from the internet archive and even
get information on nearly any book
that has been written. It is sort of a
Wikipedia that will at least provide
you with references related to the
book you are looking for like, where
you can get the book online or
offline, even if it doesn't store itself.
Therefore, if you know a book that's
not listed you can simply add the
information on the site.
