Care in Geriatric Psychiatry Large-scale care provision is one of the largest challenges associated with meeting the mental health needs of the burgeoning older adult population. In the last month, three manuscripts have been published describing innovative approaches to psychiatric care for the elderly: Recent Advances – Innovations in Care in Geriatric Psychiatry Geriatric Psychiatry: Advances and Directions, An Issue of Psychiatric Clinics, 1st Edition. Authors: George S. Alexopoulos & Dimitri Kiosses Date of Publication: 06/2011. This issue covers a broad selection of topics critical to psychiatrist and any physician who treats older patients. Geriatric Psychiatry: Advances and Directions, An Issue of ... LGBTQ

older adults are more likely to have poorer mental health: 31% of LGBT elders have symptoms of depression-2 to 3 times higher than the general geriatric population; 39% report having suicidal ideation at some point in their lives. Among the transgender elderly, 48% report symptoms of depression and 71% report a history of suicidal ideation. Special Issues in LGBTQ Geriatric Psychiatry | Psychiatric ... Second, there can be dyspraxic and sequencing problems that cause difficulties with the process of feeding. Third, swallowing problems become increasingly noticeable. Aspiration pneumonia becomes a concern in the more severe stages of the condition (Reference Feinberg, Ekberg and Segall Feinberg et al, 1992). It is

particularly with this risk in mind that attention turns to the potential use of nasogastric and percutaneous endoscopic gastrostomy (PEG) tubes. Palliative care in dementia: issues and evidence With an aging baby boomer population and life-prolonging medical advances, psychiatrists must brace for an estimated 10 million late-life patients by the year 2020. Geriatric Psychiatry (Review of Psychiatry, Volume 22) outlines current research on this burgeoning patient group, with practice implications for clinicians. ISBN 9781455704996, 9781455709519 Geriatric Psychiatry: Advances and Directions, An Issue of ... Old age psychiatry concerns itself with

mental health problems in the elderly. It is a growing speciality due to the ageing population which is leading to an increase in the numbers of people over the age of 65 years. The most common worries for those who are growing elderly, or those who care for them, is the loss of cognitive function associated with the various types of dementia. Old Age - Psychiatry-UK Dr Tampi is Associate Clinical Professor of Psychiatry at the Yale School of Medicine in New Haven, Conn, and Director of Masonicare Behavioral Health Services in Wallingford, Conn. He and his colleagues discussed capacity evaluation as part of a workshop on ethics in geriatric psychiatry at the APA meeting in San Francisco. Take-home points: 1. Ethical and Legal
