Javascript Programming Masters Handbook A JavaScript is a programming language that is: high level : it provides abstractions that allow you to ignore the details of the machine where it's running on. It manages memory automatically with a garbage collector, so you can focus on the code instead of managing memory like other languages like C would need, and provides many constructs which allow you to deal with highly powerful variables and objects. The JavaScript Beginner's Handbook (2020 Edition) Javascript: Programming, Master's Handbook; A TRUE Beginner's Guide!
