Managing Protected Areas A Global The widely accepted global definition of a protected area is ‘a clearly defined geographical space, recognised, dedicated and managed, through legal or other effective means, to achieve the long term conservation of nature with associated ecosystem services and cultural values’ (IUCN 2018). Based on this definition, protected areas can vary from Nature Reserves, to National Parks, to private conservancies and indigenous and community-managed sites; on land, sea and even in urban areas. *Managing Protected Areas - Global Wildlife Conservation Journal of Environmental Planning and*
