ManyBooks is one of the best resources on the web for

free books in a variety of download formats. There are

hundreds of books available here, in all sorts of

interesting genres, and all of them are completely free.

One of the best features of this site is that not all of the

books listed here are classic or creative commons

books. ManyBooks is in transition at the time of this

writing. A beta test version of the site is available that

features a serviceable search capability. Readers can

also find books by browsing genres, popular selections,

author, and editor's choice. Plus, ManyBooks has put

together collections of books that are an interesting

way to explore topics in a more organized way.

.
