Monocultures Mind Perspectives Biodiversity Biotechnology In lucid and accessible fashion, she examines the current threats to the planet's biodiversity and the environmental and human consequences of its erosion and replacement by monocultural production. She shows how the new Biodiversity Convention has been gravely undermined by a mixture of diplomatic dilution during the process of negotiation and Northern hi-tech interests making money out of the new biotechnologies. Monocultures of the Mind: Perspectives on Biodiversity and ... Monocultures of the Mind: Perspectives on Biodiversity and Biotechnology. Vandana Shiva has established herself as a leading independent thinker and voice for the South in that critically important nexus where questions of development strategy, the environment and the posititon of women in society coincide.
