Handbook: The Psychology of

Spiritual ... Moral psychology is the
study of morality in its

psychological dimensions. Its unity

and interest as a subject derive

from its connection to the larger

subject of moral philosophy,

conceived as the study of

normative demands on action in

general, and moral demands on

action in particular. It is possible, to

be sure, to study morality without

paying any special attention to

issues that might be called

psychological. Moral Psychology -
