Name Dropping A Name-dropping is the practice of naming or alluding to important people and institutions within a conversation, story, song, online identity, or other communication. The term often connotes an attempt to impress others; it is usually regarded negatively, and under certain circumstances may constitute a breach of professional ethics. When used as part of a logical argument it can be an example of the false authority fallacy. Name-dropping - Wikipedia name-dropping definition: 1. the act of talking about famous people that you have met, often pretending that you know them.... Learn more.
