OECD Economic Surveys: European Union Economic Surveys of the European Union and Euro Area 2018.

The European economy is growing robustly, helped by accommodative monetary policy, mildly expansionary fiscal policy and the global acceleration. The current economic expansion should be used to speed up implementation of reforms and ensure more inclusive long-term growth. European Union - OECD 14 OECD ECONOMIC SURVEYS: EUROPEAN UNION © OECD 2016 Challenges facing Europe Europe has made important progress in harnessing and reinforcing its policies and institutions to recover from a double-dip recession and improve crisis management. Very supportive monetary policy has helped growth to pick up gradually over the

Like many countries, the United Kingdom has been hit severely by the COVID-19 outbreak. A strict lockdown was essential to contain the pandemic but halted activity in many key sectors. While restrictions have eased, the country now faces a prolonged period of disruption to activity and jobs, which risks exacerbating pre-existing weak productivity growth, inequalities, child poverty and regional disparities.
