Power And The Governance Of Governance, patterns of rule or practices of governing. The study of governance generally approaches power as distinct from or exceeding the centralized authority of the modern state. The term governance can be used specifically to describe changes in the nature and role of the state following the public-sector reforms of the 1980s and '90s. Governance | politics and power | Britannica The private sector is also increasing in power and influence, potentially driving a trend for alternative forms of governance, with many companies wielding more influence on global issues than most countries, most
