AND SOCIETY: AN INTRODUCTION TO POLITICAL ...

In social science and politics, power is the capacity of an individual to influence the actions, beliefs, or conduct (behaviour) of others. The term authority is often used for power that is perceived as legitimate by the social structure. Power (social and political) -

Wikipedia Contemporary political sociology is concerned with the play of power and politics across societies, which includes, but is not restricted to relations between the state and society. In part, this is a product of the growing complexity of social relations, the impact of social movement organizing, and the relative weakening of the state via globalization. Politics, Power, and Authority | Boundless

Sociology Politics & Society (PAS), a peer-reviewed quarterly, publishes well-researched articles that raise questions about the way the world is organized politically,

economically, and socially. Politics & Society: SAGE Journals Abstract

This chapter aims to show how political sociology focuses on power in society and on the relationship between state power and social groups. It examines how sociologists, not surprisingly, have traditionally adopted society-centred (and often class-centred) approaches in their analyses of

power. Power, Politics and the State

| SpringerLink LEGITIMATE POWER
