pdf free rehabilitation of degraded tropical forest ecosystems workshop proceedings 2 4 november 1999 bogor indonesia manual pdf pdf file

Rehabilitation Of Degraded Tropical Forest The following research objectives are proposed: (1). evaluation of forest harvesting and fire impacts on the forest ecosystems, (2). development of methods to rehabilitate logged-over forests, secondary forests and degraded forest lands, (3). development of silvicultural techniques on plantation and degraded lands, (4). network on the rehabilitation of degraded tropical forest ecosystems. Rehabilitation of degraded tropical forest ecosystems ... Rehabilitation of degraded forests and lands is a most urgent matter requiring enrichment of ecosystems and sustainable use of degraded areas at regional and global scales. In a logged- over forests, where former ecosystems more or less remain, the development of methods to accelerate natural regeneration is needed (Forest Agency and ITTO 1991). Rehabilitation of degraded tropical forest ecosystems project Tropical forest area is disappearing at the rate of 13.5 million ha each year, due mainly to clearing for agriculture and shifting cultivation. Timber harvesting results in more than 5 million ha of tropical forest annually being transformed into degraded, poorly managed, logged-over forests. Landscape rehabilitation of degraded tropical forest ... Rehabilitation of degraded forests and lands is an urgent matter from the perspectives of both compensation or enrichment of ecosystems and sustainable use of degraded areas on regional and global scales (Forestry Agency and ITTO, 1991). In logged-over forests, where original ecosystems more or less remain, the development of

methods to accelerate natural regeneration is needed. Landscape rehabilitation of degraded tropical forest ... Rehabilitation of Degraded Tropical Rainforest Using Dipterocarp Trees in Sarawak, Malaysia 1. Introduction. Anthropogenic activities such as timber extraction, shifting cultivation, and the establishment of... 2. Materials and Methods. The study site was located in the Niah Forest Reserve in ... Rehabilitation of Degraded Tropical Rainforest Using ... The clarified scientific information on the rehabilitation of degraded tropical forest ecosystems enables managers to devise silvicultural systems which enhance soil properties and forest resources important to sustainable production and minimise deleterious effects associated with harvesting impacts and short rotation of plantation. Landscape rehabilitation of degraded tropical forest ... Buy Rehabilitation of Fragile Degraded Tropical Forest Lands: Environmental Changes, Land Degradation and Desertification, Participatory Forest Management by Glover, Edinam K. (ISBN: 9783639269765) from Amazon's Book Store. Free UK delivery on eligible orders. Rehabilitation of Fragile Degraded Tropical Forest Lands ... Restoration of Degraded Tropical Forest Landscapes Accelerating Natural Recovery. One way of increasing forest cover is to protect and manage the large areas of secondary...
