Submarine Manual The Fleet Type Submarine, Navpers 16160, is the first in a series of submarine training manuals that was completed just after WW II. The series describes the peak of WW II US submarine technology. The Fleet Type Submarine Online Introduction Waves Submarine is a plugin that enables you to add clean, natural sub-bass content to a signal. It generates subs that are one octave and two octaves lower than the input signal. These generated sub signals can be controlled further before they are mixed with the original signal or sent straight to the LFE buss.
