... That's where Basic Practice of  
Statistics comes in. Written by  
leaders in statistics education, this  
textbook teaches students how to  
think about and interrogate data. It  
reflects the everyday practice of  
statistics where knowing how to  
interpret data is just as important  
as its production. The book equips  
students to carry out statistical  
procedures which they can use in

their studies and ...
