Facilitating Learning and Assessment This is an important approach for assessing skills, knowledge and attitudes among nursing students (Price, 2007) and is complex in nature with the focus of promoting objectivity in the assessments (Bradshaw & Merriman, 2008). Facilitating Learning And Assessment In Practice - The ... This article examines the applicability of D. W. Winnicott's theoretical concepts to clinical social work practice with clients whose psychosocial well-being has been compromised by environmental deprivation and related developmental vulnerabilities. This examination is organized around three questions: (1) Why is Winnicott relevant for social work? Winnicott and clinical social work: A facilitating ... The "facilitating environment" is a rather clunky term (and not the only one)

coined by the paediatric psychiatrist, DW Winnicott. It refers to the context or environment which a “good enough” mother is able to create for her baby to live and grow in; the idea being that this is sufficient in itself to facilitate the baby’s maturation. » What is a «facilitating environment»? Information for shielding and protecting people defined on medical grounds as extremely vulnerable from COVID-19.
