ConCen When Stephen Hawking, George Ellis, and Roger Penrose extended the equations for general relativity to include space and time, the results showed that time has a beginning - at the moment of creation (i.e., the Big Bang). 3 In fact, if you examine university websites, you will find that many professors make such a claim - that the universe had a beginning and that this beginning marked the beginning of time (see The Universe is Not Eternal, But Had A Beginning). If God Created Everything, Who Created God? Hosted by Jacques Peretti, "The Men Who Made Us Fat" is a penetrating look at the disastrous legacy of a handful of 1970s American politicians and thinkers who revolutionized the way the world eats. Our Overweight World: The Men Who Made Us Fat An unmanned £300,000 US-made Wave Glider stealth vessel was found on the coast of Tiree, a hundred miles from the UK's nuclear submarine base at Faslane but has not been claimed. 366 comments
