The Mind Is A Collection The Mind is a Collection is a born-digital museum of early-modern cognitive models. Each object in this museum was used, at one time or another, to make sense of a mental process. Think of this as an exhibit of eighteenth-century mental life as seen from a material point of view. You are entering a museum of episodes in material thought. MIAC :: The Mind is a Collection The Mind Is a Collection approaches seventeenth- and eighteenth-century metaphors of the mind from a material point of view. Each of the book's six chapters is organized as a series of linked exhibits that speak to a single aspect of Enlightenment philosophies of mind. Project MUSE- The Mind Is a Collection Silver, Sean The Mind Is a Collection Case Studies in Eighteenth-Century Thought The Mind Is a Collection Metaphor makes it possible for the brain to think in abstracts ideas. Nor was this insight lost on people in the early modern era; John Locke, John Milton, and Mark Akenside each offered versions of the claim that metaphor is the route linking language to sense, objects to ideas. This insight is the central motivation for The Mind is a Collection. I: METAPHOR — MIAC :: The Mind is a Collection Sean Silver's new book of that name, The Mind Is a Collection: Case Studies in Eighteenth-Century Thought, adopts as its premise the notion that metaphors must be taken seriously. We should pay attention to the frequency with which seminal eighteenth-century thinkers described the mind as like a physical space, and thought processes as like physical experiences.
