LibGen is a unique concept in the category of eBooks,  
as this Russia based website is actually a search  
engine that helps you download books and articles  
related to science. It allows you to download paywalled  
content for free including PDF downloads for the stuff  
on Elsevier's Science Direct website. Even though the  
site continues to face legal issues due to the pirated

access provided to books and articles, the site is still functional through various domains.
