LibGen is a unique concept in the category of eBooks,  
as this Russia based website is actually a search  
engine that helps you download books and articles  
related to science. It allows you to download paywalled  
content for free including PDF downloads for the stuff  
on Elsevier's Science Direct website. Even though the  
site continues to face legal issues due to the pirated  
access provided to books and articles, the site is still  
functional through various domains.

.

challenging the brain to think better and faster can be undergone by some ways. Experiencing, listening to the additional experience, adventuring, studying, training, and more practical actions may back you to improve.
